

Accounting that goes beyond the numbers.

Why CRI?

Accounting rules are changing at a faster pace and in more substantial ways than ever. U.S. Generally Accepted Accounting Principles (GAAP) are an essential component of the financial reporting process, but the complex standards can be difficult to navigate. Changes in these reporting standards can have a big impact, both on your financial statements as well as your overall business. CRI trusted accounting advisory team provides a full range of services, including:

- **Accounting Advisory** (including complex accounting assistance; new standard implementation; and IFRS conversion)
- **Financial Reporting** (including restatement assistance; disclosure compliance; and financial statement preparation)
- **Capital Markets** (including IPO readiness; debt offerings; and SPAC transactions)
- **Board Advisory** (including complex transaction review; restatement assistance; and independent financial review)
